Subject: Legisaltive drafting request

Bob, as we discussed over the phone last week, Sen. Brown would like to request a draft relating to Perrot Park in his district. This email is a follow-up to my voice mail message today; we're requesting a draft prohibiting DNR from closing either of the two entrances to Perrot State Park without first following certain procedures, generally correspondig to those outlined in s.82.29 of state statutes (as I mentioned in my voice mail, though s.82.29 cites hearing procedures in s.82.10, that procedure seems to actually occur in s.82.11).

Language that could be used to describe the location of the entrances to Perrot Park follows:

"the entrance to Perrot State Park on the town road currently named Sullivan Road and the entrance to Perrot State Park on the town road currently named Lehman Road at the point it intersects with the town road currently named Park Road..."

We're interested in the 'town road currently named' language because sometimes road names change and we wouldn't want that to negatively affect this statute.

Thank you for your work on this, and please call me if you have any questions!

**2005-2006 DRAFTING INSERT
FROM THE
LEGISLATIVE REFERENCE BUREAU**

LRB-2841/lins

insert anl.

This bill requires the Department of Natural Resources (DNR), before altering a park entrance to Perrot State Park, to obtain approval for that alteration from the town that has jurisdiction over the road on which the entrance is located. The town board, after receiving a written notice from DNR, is required to issue a notice of a public hearing on the request. Interested persons and DNR may testify at the hearing under the bill. The public hearing must take place within 60 days after receipt of the DNR notice of its intent to alter the entrance and the board must provide DNR with a written decision within 30 days after the public hearing.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

When writing the analysis I noticed that there is no penalty for the town failing to give notice of the public hearing, holding the public hearing, or providing DNR with a timely decision. Should I add something like: "If the town fails to provide DNR with a decision on the request for an alteration within 100 days after DNR files its written notice of intent to alter the entrance, DNR may alter the entrance without the town's approval."?
